The Arts Council Cultivating an Arts-rich Community!

Since 1993, the Adams County Arts Council has evolved from a small group of optimistic organizers into a vibrant community organization that supports artistic efforts throughout the County. Its mission is to cultivate an arts-rich community by providing high quality arts education opportunities and supporting local arts. We have grown into a regional leader in the arts, the operator of a 10,000 sq. ft. education center, where students enjoy enriching arts experiences, and a respected community partner serving 20,000+ people each year. What a wonderful journey it has been with much more ahead!

The continued support and participation from our members and community have made our mission possible!
